

Carry-On is as portable as a cooler and can be stored in the trunk of your car.

The Carry-On is the only hatchtop air conditioning unit that is designed specifically for the marine environment. It's ideal for boats that are too small for installed seawater-cooled air conditioning systems. It installs in minutes. It won't break your bank account. And it pumps out 6720 BTUs of cool, dry relief.

The Carry-On fits in any standard-size hatch. The adjustable, waterproof hatch bag fits over the unit and the hatch cover, sealing in the cool air and keeping out insects and rain. There's an adjustable leg and a convenient bubble sight glass on the outside of the unit, making it easy to level the unit. And when you leave the dock, the Carry-On stows below deck, in your dockside locker or in the trunk of your car.

All of the operator controls are easily accessible on the bottom of the unit. You can turn it off and on, set the thermostat and adjust the fan speed from the cabin. A detachable air deflector is standard with the unit.

The Carry-On runs on normal dockside 115V 60 Hz power. (The Carry-On 7020, a 220-240V 50 Hz model, is also available for applicable areas outside North America.) The Carry-On 7000 only draws 6.9 amps running. All internal components are made of corrosion-resistant materials, and the outside case is built of a tough, durable polymer. The best news is, the Carry-On is priced for budget-minded boatowners. It sells for a fraction of the cost of a built-in water cooled system.

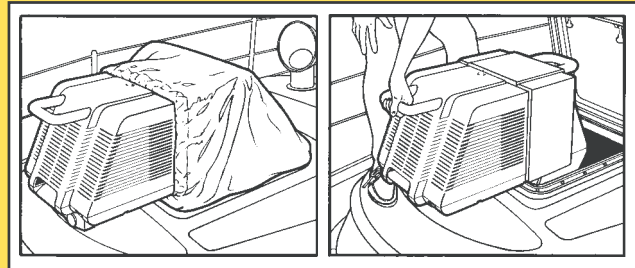

You can adjust the controls from inside the cabin.

Specifications

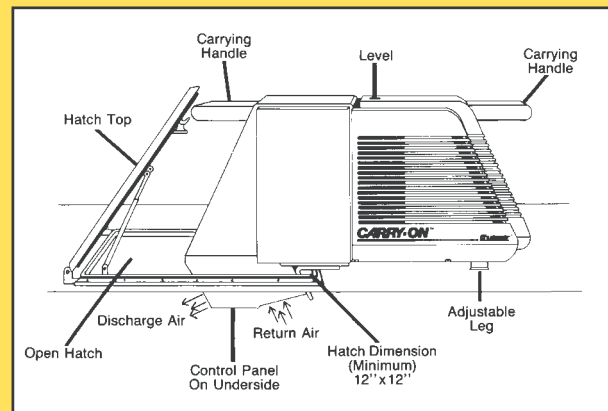

- ✓ Capacity 6720 Btu/hr
- ✓ Height (Above Deck) 14⁵/₈ in (371 mm)
- ✓ Length 30¹/₂ in (775 mm)
- ✓ Width 16 in (406 mm)
- ✓ Net Weight 68 lb (30.8 kg)
- ✓ Gross Weight 77 lb (34.9 kg)

	7000 (115V / 60Hz)	7020 (220-240V / 50hz)
✓ Amps (Running)	6.9	3.4
✓ Amps (Starting)	21	10
✓ Minimum Hatch Size	12 x 12 in (305 x 305 mm)	
✓ Maximum Hatch Size	24 x 24 in (610 x 610 mm)	
✓ Minimum Round Hatch Diameter	15 ¹ / ₂ in (394 mm)	
✓ Storage Dimensions	19 in (483 mm)H x 33 in (838 mm)L x 16 in (406 mm)W	

Installation

You can install the new Carry-On 7000 in a matter of minutes. Place it over an open hatch and adjust the hatch bag over the opening. Plug it in and turn it on.
